

Guidelines for Social Media 2016

You should not ask your coach or teacher to be your social networking site friend.

Use the internet positively and do not place yourself at risk. Have a look at www.ceop.police.uk for some useful tips

Consider who you are inviting to be your friend and follow good advice of the social networking sites to ensure you are talking to the person you believe that you are talking to.

ALWAYS REMEMBER that anything you say including photos posted on your site may be shared with people other than those whom it was intended for

Never post anything that is: hurtful, untrue and upsetting or that you may regret sharing later on. Posts may be used by other people in a way that you did not intend or want.
