

Bristol North Swimming Club (BNSC)

Maternity/Paternity Policy

1. Carrier of the baby

The carrier of the baby will become a master associate once the baby arrives or is unable to continue training due to pregnancy, whichever comes first.

This will result in a 0% fee charge until the carrier is able to return to training. They will email the membership officer (membership@bristolnorthsc.org.uk) when they wish to stop.

The carrier will then contact the membership officer again when they are able to return to training, of which they will then have a 50% fee reduction for 12 calendar months. After this date, fees will return to 100%.

2. Partner of the carrier of the baby

As the partner of a carrier of a baby, when the baby is born, they will contact the membership officer, and they will reduce their fees to 50% for 12 calendar months. After this fee will return to 100%.

3. Annual Membership

All members must have a swim England membership registered with Bristol North Swimming club in order to be eligible for the discounts.
